About Speak Up for Kids!

Speak Up for Kids! is a nationwide education campaign during National Children's Mental Health Awareness Week (May 1-7, 2011), developed by the Child Mind Institute and the American Academy of Child and Adolescent Psychiatry (AACAP), and sponsored by Hunter Boot USA and *Parents* magazine. Hundreds of mental health professionals will deliver talks about child mental health in their communities across the United States. These talks will educate parents and teachers about the signs and symptoms of child and adolescent psychiatric disorders and give them the tools they need to connect kids to the help they deserve. Visit childmind.org/SpeakUpforKids or speak up for kids on Twitter [#speakupforkids](https://twitter.com/speakupforkids)
